CAPACITY _	3 CREW MEMBERS + DRIVER

MINI COOPER w/ ULTRA ARM

The Mini Cooper is an excellent choice when the main goal is to shoot car to car. This vehicle is compact and maneuverable, being really fast recovering the shoot, principally when working in short road cuts. Due to its high speed and versatility, the Mini Cooper is ideal to capture dynamic shoots.

The Ultra Arm adds to this vehicle freedom of camera positions and a new movements, not losing its key features: compactness and maneuverability.
